

## HORTONVILLE PUBLIC LIBRARY

### INCLEMENT WEATHER POLICY

In the event of inclement weather, the Hortonville Public Library will use the following policy in regards to library closure.

The Hortonville Public Library strives to be a welcoming place for all members of the community. As such, the library makes great effort to keep library users and staff safe in the event of inclement weather. When adverse weather conditions occur, the Hortonville Public Library Director will monitor the situation and keep library staff and Trustees informed of potential library closures.

The decision to close or postpone the opening of the Hortonville Public Library will reflect the decision made by the Hortonville Area School District. The District does not make this decision lightly and takes into account the rural nature of the community. The Hortonville Public Library mirrors this logic. In the event of developing inclement weather, the library reserves the right to alter closing decisions per the Library Director.

In the event of a full closure, postponed opening, or early closure, the Hortonville Public Library will notify library patrons via social media, news broadcast stations, and the Hortonville Public Library website.
